NEOON

MONTHLY REPORT

July 2026

July delivered a positive recovery in sales performance and bookings despite the typically softer summer period. Instagram and Facebook maintained strong visibility and generated higher website intent through profile visits and link clicks.

Website traffic stayed stable at 9,930 estimated sessions, while reservations increased to 153 (+33.0%), driven mainly by karaoke bookings at 148 (+35.8%). Website sales recovered to €4,694 (+17.2%), moving closer to the €5,000 monthly target.

Meta Ads remained efficient, with CPC improving to €0.06, and TikTok recovered strongly after paid investment returned.

Instagram remained one of **Neoon's strongest discovery and traffic channels** in July. Although total views remained broadly stable at 318,172 (-1.7%), reach increased to **187,900 (+9.8%)**, showing stronger audience distribution compared with June.
The strongest signals came from lower-funnel actions: profile visits rose to **10,000 (+28.2%)** and link clicks increased to **7,600 (+11.8%)**. This indicates stronger user intent and confirms Instagram's continued ability to drive traffic toward Neoon's website, despite lower follower growth and a slight decline in interactions.

Facebook maintained a strong performance in July, with overall visibility remaining broadly stable at **412,500 views** and **221,400 viewers**. Although both metrics softened slightly compared with June, they remained at a strong monthly level.
The strongest results came from traffic-intent metrics, with profile visits reaching a new record of **7,700 (+5.5%)** and link clicks also reaching a record **4,400 (+10.0%)**. This reinforces Facebook's growing role in driving users toward Neoon's website, even with slight declines in interactions and follower growth.

Website traffic remained broadly stable in July, with 7,944 tracked sessions (+0.7%) and an estimated 9,930 real sessions. Although unique visitors decreased to 5,745 (-5.4%) and average session duration fell slightly to 3m16s, pages per session increased to 2.2 (+4.8%).
Sales performance and bookings improved significantly despite the stable traffic volume. Reservations increased to 153 (+33.0%), driven primarily by karaoke bookings, which reached 148 (+35.8%). Website sales also recovered to €4,694 (+17.2%), bringing Neoon much closer to the €5,000 monthly sales target. Birthday reservations remained low at 5 due to the continued limitations in room and time-slot availability.

Neoon Cards: Neoon Cards also generated their first results in July, with 12 cards sold and €290 in sales, providing an initial indication of interest in the new product. This included 5 cards at €30 and 7 cards at €20.

Overall Summary

July showed a positive recovery in sales performance and bookings while maintaining strong digital visibility. Website traffic remained stable, but reservations increased to 153 (+33.0%), driven mainly by karaoke bookings at 148 (+35.8%). Website sales recovered to €4,694 (+17.2%), moving closer to the €5,000 monthly target.
Instagram and Facebook generated strong traffic intent, with record profile visits and link clicks. Meta Ads kept costs efficient, while TikTok recovered strongly after paid investment returned. Overall, July closed the early-summer period with stronger sales and booking momentum and a better base for the next seasonal campaigns.

Next Steps

- Maintain the focus on karaoke and conversion-oriented content, with the objective of consistently returning website sales above €5,000 per month.
- Launch the August summer communication around Neoon as an indoor escape from the heat, supported by activities, cocktails and the variety of experiences available in one space.
- Increase daily Story activity through video, polls, questions, challenges and promotion of lower-volume days.
- Begin preparing the September gamification phase, including the collectible keychain launch and back-to-school communication during the final week of August.
